

Summary:

In 2022, Marine Corps Systems Command (MARCORSYSCOM) confirmed that after over 100 faithful years of the “big iron” riding the hips of service members and Special Operations The Corps retired this upgraded version of the M1911 45A1.

With all the features of a current day 1911 this one is set apart from the rest.

In 2012 Colt released a small number of their pre-production pistols to their staff before they went on to Duty. This particular pistol was owned by the Chief Engineer of Colt Manufacturing at the time as described on the Colt Archive Letter.

Kept is excellent, like new, factory condition. We'll oiled even for over a decade. A prized collection you would say.

This is a rare your opportunity to own a historic part of our great Corps and Service Members who served our County each and every day.

A Colt Collectable that will last for eternity with the rich history of our Nations Armed Forces.

The pistol comes with its original OEM Colt Box with matching label, papers, two 8rd magazines and a detailed Colt Archive Letter.

We present this pistol to you in a Hand Made SK Bespoke Collection Walnut Custom Display Case with Glass Dust Cover, lock and key. Engraved plaque with short description so you too can honor our troops everyday as we do at SK Guns.
