

## Summary:

A commissioned work of art by the famous FEGA Master Engraver by Mitch Moschetti. Presented on a modern Colt Government Model 1911 chambered in 45acp.

When FEGA established their Profession certification in 1985 Mitch was the youngest member awarded that status.

Mitch's specialty is captivating three-dimensional style carving which he calls flying leaf and vine.

This masterpiece is no exception. The deep carving and cross hatching pop at you in spectacular ways while bounced off different shades and positions of lighting and displaying. Selective 24k gold plating borders.

For a long time, Mitch has been wanting to finish a Colt 1911 in two-tone. The slide flats have a French grey finish while the top of the slip has been deep carved then bead blasted to give it a gorgeous and complementing two-tone appearance.

Mitch has been published in many Colt and Engraving magazines and books including in the American Engravers III by C. Rogers Bleile.

This is a rare your opportunity to own apart of modern day art on a historic Colt Collectable that will last for eternity.

Presented in a Hand Made SK Bespoke Collection Walnut Custom Display Case with Glass Dust Cover, lock and key. Engraved plaque with short description, OEM Blue box, papers and lock.
